The Government of the Republic of Poland has received financing from the World Bank toward the cost of the Odra-Vistula Flood Management Project, and it intends to apply part of the proceeds toward the construction of two mid-sized dry polders (“active protection”) as part of the Odra-Vistula Flood Management Project to increase buffer capacity in the Nysa Kłodzka Valley for the following contracts:

- 2A.2/1 Construction of "Szalejów Górny" - a dry flood control reservoir on Bystrzyca Dusznicka River and
- 2A.2/2 Construction of "Krosnowice" - a dry flood control reservoir on Duna Stream. The contract will be funded through joint financing by the International Bank for Reconstruction and Development (IBRD) and the Council of Europe Development Bank (CEB) as well as through obtaining funds in the form of a grant from the European Union (EU) Cohesion Fund and Polish National Fund for Environmental Protection and Water Management. The Regional Water Management Authority in Wroclaw intends to prequalify contractors and/or firms as part of one procedure for the construction of two dry flood control reservoirs (2 contracts). It is expected that invitations to bid will be made in July 2016. This invitation to bidding has been preceded with a general notification on bid for this project, which was published in Development Business no. WB3345-07/15 dated 07/23/2015. The Prequalification will be conducted in accordance with the prequalification.
documents, from Regional Water Management Authority in Wroclaw, Poland at the address below:
